

## PHOTOGRAPHER & VIDEOGRAPHER (PROJECT-BASED)

At Richardson Media, we're storytellers first. Whether we're capturing a quiet moment between generations or amplifying the voices of bold change-makers, we believe in work that moves people.

Now we're looking for a **Photographer & Videographer** to join us on a project-based basis — someone who's got the creative eye, the technical know-how, and the drive to keep learning and leveling up.

---

### WHAT YOU'LL BE DOING

- Leading photography and videography on set (everything from corporate shoots to documentary-style storytelling)
  - Collaborating with our team on visual direction, setup, and execution
  - Capturing clean, high-quality visuals that reflect the heart of the story
  - Managing your files and helping us keep projects organized post-shoot
- 

### WHAT WE'RE LOOKING FOR

- A strong portfolio that shows off your skill, versatility, and creativity
  - Someone with experience behind both the camera and video equipment (DSLRs, mirrorless, gimbals, audio — you get it)
  - Someone who is **reliable, self-motivated, and thrives in a team environment**
  - A valid Class 5 driver's license (you'll need to travel to shoots)
  - Availability for flexible, project-based work (mostly weekdays, some weekends — it varies!)
- 

## BONUS IF YOU

- Shoot with Sony
  - Have experience working with or within Indigenous communities
  - Know how to light a scene like a pro (or are keen to learn)
  - Aren't afraid to get your hands dirty, load gear, or jump in wherever needed
- 

## COMPENSATION

- This is a paid, project-based role. Compensation will vary depending on experience, skill level, and scope of project.
- 

## WHAT YOU GET

- A creative, supportive team that actually has fun doing what we do
- Opportunities to work on impactful, meaningful projects
- A chance to grow your portfolio with high-quality, real-world work
- A flexible schedule that works around your other projects or studies

If this sounds like you, please submit your application via the submission portal or email us at [info@richardsonmedia.ca](mailto:info@richardsonmedia.ca) with the subject line “photographer/videographer application”.
